

Data-Strip No. 30

WEICON Data-Strip No. 30 is very versatile. In addition to data cables it also allows an accurate, fast and safe stripping of control cables, patch cables, telephone lines and bus lines.

WEICON has been developing and producing various types of cable stripper since 1967. These premium quality tools are TÜV-tested, carry the GS seal for verified safety, and were developed taking occupational safety and user-friendliness aspects into account. The WEICON range includes cable strippers, cable dismantling tools, wire strippers and various multifunctional tools for professional users.
