Wire Stripper No. 5 Classic

WEICON Wire Strippers enable the fast, easy and even stripping of stranded and solid conductors. The wire strippers feature an ergonomic shape as well as an automatic scanning system, which identifies the cable diameter. This prevents damaging the inner conductor. The product family of wire strippers comprises several types, which are suitable for different applications and tailored to the users' individual needs. The wire strippers are used in crafts as well as in industrial applications and are also suitable for use in the domestic sector.

The WEICON Wire Stripper No. 5 Classic is suitable for stripping all stranded and solid conductors from 0.2 – 6.0 mm². A well-accessible side cutter is integrated in the tool, which is suitable for cable diameters up to 2 mm. The blades are replaceable. The low weight of the No. 5 Classic ensures fatigue-free working.

Technical Data

Cable types	fine-wire and solid conductors with PVC insulations
Application range	0.2 - 6.0 mm ² (24 - 10 AWG)
Inner blade	replaceable
Additional benefit	side cutter up to max. 2 mm Ø
Related products	spare blade, art. no. 51100002
Length	165 mm
Weight	107 g

Note
Working with WEICON Stripping Tools is only permitted on zero-potential, non-current-carrying cables and conductors.
