

Wire Stripper No. 7 Magic

The WEICON wire strippers allow flexible and solid conductors to be stripped easily, quickly and evenly. The wire strippers are ergonomically shaped and have an automatic scanner system to determine the cable diameter. This prevents damage to the inner conductor. The product family of wire strippers includes various types which are used in different fields and are tailored to the individual needs of the users. The pincers are used both in trades and in industry and are also suitable for private use.

WEICON has been developing and producing various types of cable stripper since 1967. These premium quality tools are TÜV-tested, carry the GS seal for verified safety, and were developed taking occupational safety and user-friendliness aspects into account. The WEICON range includes cable strippers, cable dismantling tools, wire strippers and various multi-function tools for professional users.

Technical Data

Cable types	Fine-wired and solid conductors with
Cable types	PVC insulation
Inner blade	Replaceable
Additional benefit	Side cutter up to max. 3mm Ø
Approval/Certificate	Safety tested by TÜV NORD
Weight	216 g

Note
Working with WEICON Stripping tools is only permitted with potential free wires and conduction.
