

# PEB0116RS

- crimp tool for end terminals 0,14-16 mm<sup>2</sup>

---

Crimping tool for end- and TWIN-end terminals, rotatable dies and square crimp.

End terminals 0,14-16 mm<sup>2</sup> and TWIN-end terminals 2x0,5-2x6 mm<sup>2</sup>.

#### Technical details:

- Tested and certified mechanical, self-adjusting crimping tool for end- and TWIN-end terminals with rotatable dies.
- Rotatable dies making both side and front feed possible.
- Square crimp for end terminals 0,14-16 mm<sup>2</sup> and TWIN-end terminals 2x0,5-2x6 mm<sup>2</sup>.
- Ergonomic handles, light weight, relatively low handle force and optimum handle opening for comfortable crimping.
- Compact design for easy access to wires in confined spaces.
