

## Link Pin – LP1 & LP2

All rollers in the BR corner roller range have the same link points to facilitate various bend/roller configurations. The link pin not only links the rollers, it also stakes the roller to the ground and assists in holding the rollers in place

- 16mm solid steel pin
- Pressed at 90 degrees at one end & pointed at the other end
- Painted finish
- **LP1** (not suitable with the BR6)  
Size: 16mm diameter x 60cm long (including bend)
- **LP2**  
Size: 16cm diameter x 100cm long (including bend)
- Weight: 0.75Kg
