

SECTION 01: QUICKFIX TRUNKING SYSTEMS

Introducing QuickFix, the innovative trunking range designed by Unitrunk to save you time onsite, thanks to its quick and easy to install design. Installations can be completed up to **6X FASTER** when compared to traditional trunking systems.

The UniBolt's simple, yet effective design, enables cable management system installation times to be reduced by as much as 80%, featuring:

- Universal head
- Bespoke thread
- Serration and domed safety end

QuickFix Trunking Systems are IP4X compliant as standard - no need to order additional components.

Cover straps are only required for Length to Length joins and are supplied with QuickFix trunking lengths.

QuickFix Trunking range includes sizes up to and including TK99. For trunking sizes greater than TK99, alternative lid options, and/or multiple material configurations, please contact your local Unitrunk branch for details.

ACCREDITED TO THE FOLLOWING STANDARDS:

QUICKFIX TRUNKING SYSTEMS

QuickFix Trunking

Part Code	Size (mm)
TK22	50 x 50
TK33	75 x 75
TK42	100 x 50
TK44	100 x 100
TK66	150 x 150

Manufactured from pre-galvanised steel and supplied in 3m lengths. Bespoke sizes available. Each Trunking Length is supplied complete with Cover Strap, Coupler, Lid and Unibolts. Other sizes and finishes are available within our Non-Standard Trunking range, contact your nearest Unitrunk depot for details.

STEP 5: Gauge

Gauges conform to latest specifications. For specialist requirements, a range of gauges is available on request.

For trunking sizes greater than TK99, alternative lid options, and/or multiple material configurations, please contact your nearest Unitrunk depot and ask about our Non-Standard Trunking range.

*Trunking lengths are supplied with Cover Straps to ensure IP4X compliance. Cover Straps are ONLY required on length to length joins.

**Stainless Steel finish trunking products are supplied with standard nuts, bolts and screwfix lid (instead of Unibolts and turnbuckle fastener lid).
