# The Electrical Tape

## For critical performance in harsh electrical environments

**Scotch® Super 33+™**

Professional Grade PVC Electrical Tape

For your most demanding electrical construction and maintenance and repair jobs where reliable performance and quality is essential, turn to Scotch® Super 33+™ PVC Electrical Tape. Its unique combination of aggressive pressure sensitive, rubber resin adhesive and elastic PVC backing offers both moisture-tight electrical and mechanical protection. Its excellent strength, flexibility and ability to recover means it can stretch up to 250% without breaking.

### Product Highlights:

- Stretch and flexibility to conform to odd shapes and create nice, tight seals for electrical connections and critical applications
- Resistant to UV rays, abrasion, moisture, alkalies, acids, corrosion and varying weather conditions
- Provides excellent insulation and adhesion in all weather conditions with long-lasting performance between -18°C and 105°C
- Compatible with rubber and synthetic splicing compounds
- Long-lasting harnessing of wires and cables
- CSA and VDE Certified, UL 510 Listed, IEC 60454-3-1-7/F-PVCP/90 and RoHS2015/863/EU Compliant

Medium to  
Heavy Duty

Extreme  
Temperatures

Moist and Corrosive  
Environments

Superior Stretch  
and Adhesion

### Important Notice

Before using this product, you must evaluate it and determine if it is suitable for your intended application. You assume all risks and liability associated with such use.
