

# The Electrical Tape

## For daily insulation, harnessing, and marking

### 3M™ Temflex™ 165

#### General Use PVC Electrical Tape

When you need a dependable general purpose PVC electrical tape, use 3M™ Temflex™ tape 165. This affordable solution offers reliable performance for protective jacketing, harnessing, marking and insulating low voltage cables in non-critical applications.

#### Product Highlights:

- More stretch and flexibility than Temflex™ Tape 155 for better general use bundling, insulation, and sealing
- Suitable for moderate indoor and weather protected outdoor uses between 0°C and 90°C
- Ideal for general use insulation, colour coding for phase identification, wire marking and safety
- Electrical insulation for wire and cable splices rated up to 600 volts
- VDE Certified, UL 510 Listed, IEC 60454-3-1-5/F-PVCP/90 and RoHS2015/863/EU Compliant
- Available colours:

Medium Duty Applications

Wire Identification

Wire and Cable Bundling

Good Stretch and Adhesion

#### Important Notice

Before using this product, you must evaluate it and determine if it is suitable for your intended application. You assume all risks and liability associated with such use.
